30 Bearstead Rise
London, SE4 1RQ
D.O.B: 2/2/1998

A passionate and curious Front-end Developer, with experience in building dynamic, stateful front ends. Loves working with React and Redux, and porting designs on paper into reality using CSS. Highly motivated to learn new technologies and solutions – and looking to work in an agile team environment with other like minded people.

SKILLS

- Vanilla JS
- Node.js
- React and Redux (with Hooks)
- HTML
- CSS
- Python and Flask
- Very happy to pick up new frameworks on the go
- Highly motivated, always keen to learn new technologies
- Guitar player of 10 years, experience in small and big bands

EDUCATION

UCL, LONDON
2016-2019

Bsc CHEMISTRY (First Class Honours)

Coursework covered all basic lab techniques, statistical and scientific data analysis, scientific research and reporting, and fundamental principles of chemistry.

ISLAND SCHOOL, HONG KONG
2009-2016
IB DIPLOMA

38 Points scored including 7s in Higher Level Physics and Chemistry

WORK EXPERIENCE

SCHOOL/PRIVATE TUTOR MANNINGS TUTORS UK

7/1/2017- 21/3/2020

Worked for a tutoring agency tutoring both science and maths privately and in schools around London. This often involved working with, and engaging groups of children who had been excluded from mainstream education due to behavioral issues.

SUMMER INTERN – AUDIT KPMG

3/7/2018 – 31/8/2018

Worked with a small team on a client engagement during their interim review (MTR Corp. Ltd.). Duties were focused around client interaction, rigorous control testing and thorough checking for discrepancies within financial records.

FLOOR STAFF AQUA BAR AND RESTAURANT HONG KONG

12/7/2017 – 15/9/2017

Worked on the floor of one Hong Kong's Top 100 Tables, in a fast paced professional environment in which team communication, hospitality and attention to detail was required.
